[4. Chicago Heat Ordinance](#)

The Department of Building enforces the Chicago Building Code, which includes the Chicago Heat Ordinance. The Heat Ordinance mandates that during cold weather months landlords supply heat to rental units or to any unit where owners do not have individual control of the heat.

From September 15 through June 1, the temperature inside a rental residence is required to be at least 68 degrees from 8:30 AM to 10:30 PM, and at least 66 degrees from 10:30 PM to 8:30 AM.

Landlords face fines of up to \$1000 per day, per violation, for each day they do not supply adequate heat. The reason for lack of heat does not matter -- landlords must follow the law, and apartments must be heated. Please click the link below to view the Chicago Heat Ordinance.

1. Please note that properties are divided among Trust Fund staff. Your staff liaison is subject to change. **Remember to click the "members" tab in CLINKED periodically, to view your current Trust Fund liaison.**

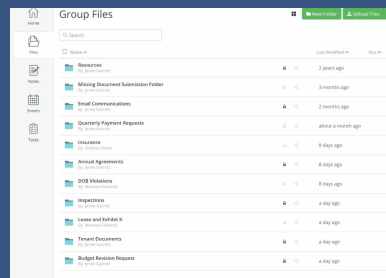

2. Saving and naming documents correctly will result in expedited review of documents and quicker processing time for quarterly payments. **When uploading documents to CLINKED, each document title should include the name of the property, the current year, and the name of the document being submitted. All documents should be uploaded in PDF or Excel format.** Unidentified documents will cause a delay in the review of your documents and processing of your quarterly payments.
